Subject: Request for Extension of Time to Respond to the Information Request Submitted to the Puna Geothermal Venture Facility

Ms. Reynolds: as I stated when we spoke earlier today, my client will need additional time to respond to the Information Request attached to your April 29, 2014 letter. The response is due on May 29, 2014. In order to prepare a response, Puna Geothermal Venture ("PGV") employees will have to retrieve documents, consult with PGV's technical consultants, and draft responses. In addition, consultation with legal counsel will be necessary. The people involved in responding to the Information Request also have operational duties so they cannot devote 100% of their time to the Information Request. Accordingly, my client seeks an extension to June 30, 2014.
